Sapio Analytics Pricing Policy

1. Introduction

Sapio Analytics offers advanced AI-driven HR solutions tailored to meet the unique needs of each client. Our pricing structure is customized based on the specific requirements and customizations requested by the client. This document outlines our pricing policy to provide clarity and transparency.

2. Customization and Pricing

- **Client-Centric Approach:** Our solutions are designed to be flexible and adaptable to the varied needs of our clients. The pricing depends on the level of customization required.
- **Quotation Process:** To provide an accurate quote, our business team will conduct a thorough assessment of your requirements. This includes understanding the scope of the project, specific functionalities needed, integration requirements, and any additional services.
- **Factors Influencing Pricing:**
 - **Scope and Scale:** The size of the project and the number of users or employees involved.
 - **Customization Level:** The extent of customization and specific features required.
 - **Integration Needs:** Requirements for integrating with existing systems or third-party applications.
 - **Support and Maintenance:** Ongoing support and maintenance services.

3. Requesting a Quote

Clients are encouraged to contact our business team to discuss their needs in detail. Our team will provide a tailored quote based on the provided information.
